March - November '21

## VOLUNTARIARTE

A European Solidarity Corps Long Term Volunteering Project in Spain.

## PROJECT DESCRIPTION

The project "VoluntariArte" foresees the participation of 3 volunteers from coming from Germany, Italy and Belgium. It will start at the beginning of March and will last 9 months. The participants will support the activities that the association ARTmosfera organizes regularly in the rural area of Los Monegros mainly, and that are oriented to energize the rural environment through artistic and cultural activities such as artistic workshops, circus and street shows, sports events, performing arts festivals, meetings... For this purpose, three different profiles will be selected:

- Graphic Design & Social Media
- Events Management & Production
- Scenery Construction

It is also expected that the volunteers develop their own initiatives, which will be supported by the association, thus promoting their capacity for entrepreneurship and empowerment.

## ACCOMMODATION, FOOD AND TRANSPORT

Travel, accommodation and food expenses will be covered. Participants will live and work in the facilities of ARTmosfera, a rural complex dedicated to the different activities that the association organizes. Participants should be willing to live in a rural environment. This complex is isolated from urban life, villages around have less than 800 inhabitants. But it is just 20 minutes from Huesca and 45 minutes from Zaragoza away, and participants will have the opportunity to go there in their free time. Whether by train or by a car.

## TRAINING DURING THE PROJECT

The participants will develop skills in the framework of cultural management, artistic creation, revitalization of rural areas, organization of activities and management of European youth projects. Participating in this project will give them the opportunity to learn this skills by taking part in all the activities of the organization, but it is also expected that the participating volunteers will acquire the capacity to develop their own initiatives, encouraging their self-esteem and empowerment.
